

STORIES WITH CLEVER HEDGEHOG

A safe, engaging, digital space for Ukrainian and English-speaking children and their parents to read books and entertain children from 0 to 10 years old.

The website has a collection of e-books, as well as music, art, fun facts, childish news, games, free printables, and more activities to explore, created to support children's development during difficult times.

OUR MISSION

Since February 2022, more than 8.1 million Ukrainians – including 2 million children – have fled their homes in Ukraine due to war. Many dispersed families still struggle with returning to their previous routines.

Our team recognized the need to foster children's development and help parents reduce children's stress in these unprecedented times.

With support from our partners, we have developed a website with free e-books and other entertaining resources for Ukrainian children and families.

OUR GOALS:

- Provide digital entertainment to reduce stress in children and caregivers.
- Support literacy with free books and educational materials.
- Develop materials to spark creativity in kids.
- Provide materials on Ukrainian culture to help kids keep to Ukrainian roots.
- Share resources on mental support and relief organizations.

HOW CAN YOU HELP STORIES WITH CLEVER HEDGEHOG?

- 1 Visit our website: WWW.EBOOKS4UKRKIDS.ORG
- 2 Share the link with Ukrainians or organizations helping Ukrainian families
- 3 Volunteer. We welcome your interest, whatever it may be!
- 4 Follow us on our Social Media:
