

A LITTLE LIBRARY COLLECTION BOX

INSTRUCTIONS:

Materials:

- Scissors
- Glue or tape
- Crayons or markers

1. Print a **cut-out template** (*next page*) and decorate it as you like!
(Note: the gray-shaded areas will not show. They will be glued down).
2. Carefully cut around the form.
3. Crease *all dashed lines*.
4. Carefully *cut along the red line* that goes around hedgehogs.
(Note: be sure to only cut on the red line).
5. Fold the shape into a box, tucking sections behind the hedgehog.
6. Smear glue on the *shaded areas* (one at a time). Tuck that section behind the hedgehog. Make sure the shaded section is glued to the back of the round section with a hedgehog. Do this with all shaded sections.
7. Let it dry.
8. *Your new BOX* is ready to use and to keep all small Clever Hedgehog's DIY fairy tales books in one place.
